

Bobcat

One Tough Animal

SKID-STEER LOADERS

S66, S76, S86

R-Series

Europe

ONE TOUG ANNIM

► **OUR MISSION**

We empower operators to accomplish more, while working in the toughest conditions and tightest situations. When our customers have the will, we provide the way.

INTRODUCTION

▶ BOBCAT'S HISTORY

In 1958, the Melroe Manufacturing Company introduced a compact front-end loader that quickly evolved into the M400, the world's first true skid-steer loader. The company soon adopted what became the world famous 'Bobcat' brand — and its success paved the way for the global compact equipment industry we see today.

▶ INNOVATION CENTER IN DOBŘIŠ

Today, Bobcat's EMEA headquarters in Dobříš, Czech Republic, serves as a hub for innovation. Here, a manufacturing plant produces around 25 000 machines annually for EMEA customers and global export. The site is also home to the Bobcat Innovation Centre, where rigorous testing and product development take place using advanced facilities like climate and anechoic chambers.

▶ BOBCAT TODAY

With over 60 years of manufacturing experience and a commitment to ongoing innovation, Bobcat has delivered millions of machines to the market. Known for their high performance, reliability, and unparalleled comfort, the diverse lineup caters to various applications. Whether it's landscaping, snow removal, construction, demolition, or roadwork, Bobcat machines empower users to accomplish more.

PERFORMANCE AND AGILITY MEET SMART TECH

► TOUGHNESS MEETS INNOVATION

Using decades of experience developing the toughest loader on the planet, we added a host of improvements and smart technology to increase durability, boost performance, and bring first-class comfort to the all-new R-Series loaders.

LED lights with optional Premium LED with corner view

Clear-view cab option for advanced visibility

Cast steel arms for better visibility while keeping the outstanding durability

Compatible with a full range of over 100 attachments thanks to standardized Bob-Tach™ technology

Attachments are automatically leveled when moving up or down thanks to dual bucket positioning

► AGILE AND STRONG

Outstanding lift capacity with high pushing and breakout forces, complemented by excellent machine agility.

► BUILT TOUGH

One-piece cast steel loader arms and upgraded Bob-Tach™ with integrated Debris Shedding are designed for the most challenging conditions.

Optional side LED lights

Optimized design for greater visibility without compromising durability

Auto Ride Control option brings lift arms dampening effect

Improved cooling for improved performance and reliability

Robust transmission with the proven design of the maintenance-free drive chains

5-block coupler with Super High Flow for up to 20% boost in productivity (only for S86)

One-piece cast upgraded Bob-Tach™ with integrated debris shedding

► **FIRST CLASS COMFORT**

Connectivity options and soundproof cab make staying in touch easy, while longer wheel base delivers a smoother ride.

► **IMPROVED VISIBILITY**

New cab construction is optimized for maximum visibility, further expandable by clear-view cab or rear-view camera options.

POWER WHERE YOU NEED IT

► AGILE AND POWERFUL

Bobcat loaders are ready to conquer any challenge. They are renowned for their compact size, maneuverability, and smooth controls – but Bobcat never stops innovating. Each generation of machines is stronger, faster, and more durable than the last. The Super High Flow and 5-block coupler – exclusive to the S86 – offer greater productivity and up to 20% more efficiency with advanced attachments.

OUTSTANDING PERFORMANCE

► IMPROVED COOLING

The R-Series cooling system is completely redesigned for optimal operation and uptime. The fan is almost 50% bigger and comes with a reversible option, increasing productivity in dirty conditions.

► INCREASED LIFTING CAPABILITIES

Thanks to the longer wheelbase and a perfect balance between weight and horsepower, the R-Series features outstanding stability and enough lift capacity for any job site.

STEP INSIDE

► CLEAR-VIEW CAB

The optional clear side enclosure adds thick polycarbonate side windows with abrasion-resistant coating – maximizing your visibility and ensuring the best possible view of tracks and corners.

► INTUITIVE TOUCH CONTROLS

Take control of all settings with the optional glove-sensitive 7-inch display. New display is waterproof and scratch resistant.

► ADVANCED CONNECTIVITY

Connect your phone – thanks to the integrated Bluetooth – and enhance your comfort during calls or play your favorite music.

► PERFECT SEAT

Comfortable suspension seat as a standard and optional cloth heated air-ride seat for maximum comfort all day – and all year – long.

BUILT TO LAST

▶ OUTSTANDING UPTIME

R-Series loaders feature an extremely durable transmission with welded axle carrier and proven maintenance-free drive chain. It's unibody steel frame with integrated chain case makes the machines suitable for daily work in the most demanding environments, such as demolition sites and other industrial applications.

With a special focus on uptime, the R-Series features many small improvements that minimize maintenance and protect your machine: self-diagnostics, machine shutdown protection, battery run-down protection, cold weather protection, improved lubrication and access to greasing points, improved protection of hoses, and more.

▶ EXTENDED SERVICE INTERVALS

R-Series loaders feature a new fuel filter with more than double the media surface area, protecting the system even better and greatly extending the life of the filter. The improved engine design also significantly lengthens the air filter's life. This and other features allow you to improve efficiency and reduce operating costs, thanks to extended service intervals. Bobcat recommends first service after 500 hours of operation.

► MACHINE IQ

BOBCAT Machine IQ Wireless Communications enhances the support for your Bobcat machine.

- Durable built-in monitoring electronics
- Data is available to our machine monitoring specialist
- Maintenance is optimized for your business
- Data-driven services maximize uptime

► STANDARD WARRANTY

Bobcat develops every machine to the highest standards of quality and durability. That's why our standard warranty provides 24 months or 2 000 operating hours (whichever occurs first) of coverage.

THERE'S NO TIME FOR DOWNTIME. STAND UP TO THE HARSHTEST CONDITIONS, DAY AFTER DAY.

► PROTECTION PLUS EXTENDED WARRANTY

Enjoy total peace of mind with Protection Plus extended warranty. Providing the same level of protection as the standard warranty, Protection Plus also reflects different customer needs and expectations by offering a choice of durations and annual operating hours. According to your needs, you can benefit from the coverage for up to 5 years or 6 000 engine hours. And Protection Plus is transferrable – so it will likely increase your machine's resale value.

► BOBCARE

A long-running machine starts with proper planned maintenance, which helps protect against repair costs and unplanned failures when you're counting on your machine to work.

- Avoid risk by preventing major repairs and complete failures.
- Accomplish more by reducing downtime and increasing your productivity and profitability.

S66

► COMPACT YET POWERFUL

Despite its compact footprint, the S66 offers a surprising amount of power with a rated operating capacity of 1 184 kg while running on the same reliable engine as the S76.

S76

► POWER MEETS CONTROL

With a rated operating capacity of 1 367 kg, the S76 is designed to do more, even in the most demanding environments. Enjoy excellent reliability, versatility, and productivity over a wide range of applications with whatever attachment you need for the job at hand.

CHOOSE YOUR ANIMAL

S86

► BIGGER & BETTER

Reach father and do more in a powerful yet agile machine that's built to last. The S86's 1587 kg rated operating capacity, outstanding 105 hp engine, 3 t tipping load, and Super High Flow function will stand up to many years of demanding work.
